

# You Won't Find This

## Carrie Underwood

Did you check the tires?  
Put gas in the car?  
I don't think you'll need too much  
'Cause you ain't gonna get that far  
Did you pack the good times?  
Don't forget a map  
Just in case the route you take  
Isn't there to take you back  
You can hold any girl that you like  
Fall in love when it's easy at night  
But you wake up wondering why  
She ain't ever something better  
When you're lost and you've run out of road  
Find what I already know  
In the end close is all there is  
But you won't find this  
No, you won't find this  
There's once in a lifetime  
And there's once in a while  
And the difference between the two  
Is about a million miles  
Oh, you might get lucky  
While the moon is looking on  
But in the truth of the morning  
The stars will be long gone  
You can hold any girl that you like  
Fall in love when it's easy at night  
But you wake up wondering why  
She ain't ever something better  
When you're lost and you've run out of road  
Find what I already know  
In the end close is all there is  
But you won't find this  
You can hold any girl that you like  
Fall in love when it's easy at night  
But you wake up wondering why  
She ain't ever something better  
When you're lost and you've run out of road  
Find what I already know

In the end close is all there is  
Oh, in the end it's me you're gonna miss  
'Cause you won't find this  
Oh, you won't find this
