More Wonderful

Aaron Shust

God of unending grace
I come to You on my face
I need to hear You speak to me
Won't You make me, new right now?God of omnipotent power
Visit us in this hour
And may we leave here changed
Because we've met with You, GodYou've been more wonderful to me
Than I could have ever imagined
You've shown more love
Than I could show in a thousand yearsAnd although it seems at times
Like it all means nothing to me
You gotta know that I love You
You gotta know that I need YouGod of wisdom and love
Settle down from above
Give us all a taste of what
Your Holy Spirit can doTime and time again we've betrayed
But our debt's already been paid
And all that leaves me wanting
Is to live for You, GodYou've been more wonderful to me
Than I could have ever imagined
You've shown more love
Than I could show in a thousand yearsAnd although it seems at times
Like it all means nothing to me
You gotta know that I love You
You gotta know that I need YouWhen the world crashes
Down around me
I know You'll be there to pull me
Out from the rubbleWhen my enemy surrounds
And I call on Your name
You'll be there to deliver me
From my troubled soulYou've been more wonderful to me
Than I could have ever imagined
You've shown more love
Than I could show in a thousand yearsYou've been more wonderful to me
Than I could have ever imagined
You've shown more love
Than I could show in a thousand yearsYou've been more wonderful to me
Than I could have ever imagined
You've shown more love

Than I could show in a thousand yearsAnd although it seems at times
Like it all means nothing to me
You gotta know that I love You
You gotta know that I need YouYou gotta know that I love You
You gotta know that I need You
You're more wonderful
