Get Your Kicks

Quiet Riot

You people love our country
And music in your soul
Come on and join our army
'Cause we're fightin' for rock 'n roll
Now that it's around
You know it's got to, got to stay
You've got to raise your flag high
There's a riot in the wings today (oo, oo yeah)
Come on and get your kicks, get your kicks
Come on everybody get your kicks
You've gotta get your kicks, get your kicks
Come on everybody get your kicks
We've been waitin' a long time
To get together with you
A message to the nation
Our time is long overdue
But now that we're around
You know we've got to, got to stay
You've got to raise your flag high
There's a riot in the wings today (ma, ma, ma yeah)
Come on and get get your kicks, get your kicks
Come on everybody get your kicks

You've gotta get your kicks, get your kicks
Come on everybody get your kicks
Seems like a long time
Must be a short time
Ain't gonna wait forever
Got myself a ticket going your direction
Ooo here I come
You've gotta get your kicks, get your kicks
Come on, everybody, get your kicks
You've gotta get your kicks, get your kicks
Come on, everybody, get your kicks
Keep on rock rock rockin' (woooo)
Rock rock rockin' (woooo)
Everybody get your kicks
Just keep on rock rock rockin' (woooo)
Rock rock rockin' (woooo)

Everybody get your kicks (come on)
Get your kicks, get your kicks
Come on everybody, get your kicks (yeah come on)
