Hooligans

Example

I don't know if you understood
When it rains down, then drop the hoods
End of the nightly, it's quite likely
Brand new Nikes fucked for good
Lose your Rolex, rip your t-shirt
Bounce up till both your knees hurt
Jump up with your hands apart
You're all going home in an ambulance
Where's all the hooligans?
The nasty music fans
Let's see ya break some bits
And make this pit a zoo again
Where's all the hooligans?
The nasty music fans
Let's see ya break some bits
And make this pit a zoo again
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
A field full of ravers with their ribs broken
Bounce up till their shins open
Bones poking through
All beat up but a token few

Was hoping you would come to riot
Bring storms for you to ride it
If you ain't hurt and covered in dirt
You didn't turn up, shudda gone to work
Where's all the hooligans?
The nasty music fans
Let's see ya break some bits
And make this pit a zoo again
Where's all the hooligans?
The nasty music fans
Let's see ya break some bits
And make this pit a zoo again
Where's all the hooligans?
Brand new Nikes fucked for good

We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
We came, we saw, we killed the crowd
....
