

Holy Flame

Kula Shaker

Day and Night go passing by
I wait by the old roadside
Hitchhiking across the mountains
To get back to you
Sometimes I scream till I'm back & blue
Sometimes I dream
Of stars in the stream
I run away and joined a travelling fair
But it was just a doorway to nowhere
When I rushed back, on a bus
you had Left on a train
I'm stalking places where we played
When we were fine and we both had time
In my darkest days, I see through the haze
See your Holy Flame - undefield
As the crow can fly, you can read my mind
You're my Holy Flame - you're my fire
Sometimes I think we can't be fixed
Leave me here with the saints and the lunathics
Slow bleeding, gently weeping
Watching the rain
But if wise men say that pain
Will make you quite sane
Then I guess it's okay
And so this road keeps rolling on
Like the red red robin sings his song
I'm blind, but in my mind I got pictures of you
And all the stories, they were true
And our romance
Began with a dance
In my darkest Night, I still see your smile
Like a Holy Flame. Undifield
As the crows can fly,
you could read my mind
You're my Holy Flame, You're my fire
