Absolutely Final Goodbye

Christina Grimmie

You walk into the room like King of the World
Like you could have your pick of all of the girls
There's rumors you've been looking all over town
Trying to hook someone for jamming aroundI got news for you, this time it is over (oo, oo)
Boy, I see right through, we are going nowhere
I'd rather starve than eat your pretty little lies
Oh, oh, oh
This is my
Absolutely, final, I am really leaving goodbye
Every time I take you back, you do me over
Goodbye
Pack your bag, get in a cab and don't look back
It's goodbye
Absolutely, final, I am really leaving, goodbyeI spelled it out, do you get it now?
I spelled it out, do you get it now?
I spelled it out, do you get it now?
Oh, I'm telling you!At first, you showered me with all your attention (yeah)
Trying to do some things I can't even mention (oo)
You wanna have your way and still kiss the girl
But you are living in a dream worldI got news for you, this time it is over (oo, oo)
Boy, I see right through, we are going nowhere
I'd rather starve than eat your pretty little lies
Oh, oh, oh
This is my
Absolutely, final, I am really leaving goodbye
Every time I take you back, you do me over
Goodbye
Pack your bag, get in a cab and don't look back
It's goodbye
Absolutely, final, I am really leaving, goodbyeThese games that you're playing,
I've played, and I'm saying
No use in wasting that clever little mouth
You can't kid a kidder
The sweet taste is bitter
Boy, I found you out!I got news for you, this time it is over
Boy, I see right through, we are going nowhere
I'd rather starve than eat your pretty little lies
Oh, oh, oh
This is my

Absolutely, final, I am really leaving, goodbye
Every time I take you back, you do me over
Goodbye
Pack your bag, get in a cab and don't look back
It's goodbye
Absolutely, final, I am really leaving, goodbyeRead my lips.
