

Disco's Out, Murder's In

Suicidal Tendencies

Extra, extra, read all about it
News flash, read all about it
Here comes another scam
And don't you doubt it may make you laugh
But it ain't funny I can't believe the things they do for money
Another show that needs to get rated
Just got to add a little more hatred
We interrupt this program to tell you
Disco's out, murder's in, kill it Goody, goody, another commotion one more time
In slow motion the mountain won't come to Mohammed
Let's keep our fingers crossed and maybe he'll bomb it
La, da, de, da, da, de, de, da, da All kind of la de fuckin' das
Disco's out, murder's in, if you wanna go far
We'll make you a star not looking for a filler
Just a serial killer It's got to be violent to make it a highlight
If we show it enough well, everyone will think it's alright
Disco's out, murder's in, kill it, kill it
Disco's out, murder's in, kill it
