Drop Out

Kylesa

Tell yourself it's not worth knowing
Erase yourself and you'll find somethingTruth that doesn't fit
A curse of inspiration
Try to stay afloat
Too much information
Bow and take an exit
Face vacant destination
Disappointment won't console
There is no celebrationName I'm shaken
Blame I've takenIt's not alright
Because I'm dropping out
I'm telling you to count me outTruth that doesn't fit
A curse of inspiration
Try to stay afloat
Too much information
Bow and take an exit
Face vacant destination
Disappointment won't console
There is no celebration
