

Say Goodbye (Feat. Nick Carter)

Tommy Lee

I'm staring down this empty street
And its cold but I am walking
To the place where all roads meet
And its just the past and me
A tattoo and a scar
And the man in the tvEvery time I walk away I see a picture of a face
It's a photograph that makes me wonder why
Now I stand here on my own
And I'm finally letting go
Its time to say goodbyeSo down this road I travel now
Pass broken buildings where I look for truth, were they true to me, no
Every step is stepped with doubt
But still I walk here trying to find some peace
Will I find peace?Every time I walk away I see a picture of a face
It's a photograph that makes me wonder why
Now I stand here on my own
And I'm finally letting go
Its time to say goodbyeNothings gonna stand in my way
No, nothing no nothing will stand in my way
Nothings gonna stand in my way, yeah, heyEvery time I walk away I see a picture of a face
It's a photograph that makes me wonder why
Now I stand here on my own
And I'm finally letting go
Its time to say goodbyeEvery time I walk away I see a picture of a face
It's a photograph that makes me wonder why
Now I stand here on my own
And I'm finally letting go
Its time to say goodbye
