

# Wish You Well

## Thousand Foot Krutch

Sometimes love feels like pain  
And sometimes I wonder if it's all the same  
Sometimes life feels just like rain  
'Cause you never know  
When it's gonna fall down on you  
I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself  
Sometimes faith feels like doubt  
And sometimes I wonder if we'll ever get out  
Sometimes life hurts just like now  
But you gotta know  
It's all gonna come back around  
I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself  
Find yourself  
I can't help you find yourself  
Find yourself  
And we were sixteen at the time  
Nothing could ever change our minds  
We were one step below invincible  
And we always fought it  
You've never been the same  
You were so scared to make a name  
Then you threw it all away  
And I wish you'd come back now  
I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself  
I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find you  
I wish you well, I wish you well  
On this trip to find yourself

I wish you well, wish I could help  
But I can't help you find yourself  
Find yourself  
I can't help you find yourself  
Find yourself  
I can't help you find yourself
