Cult of Luna

You find out words are the same when you shout
I'm forced out, I'm someone childlike
My first time, wonder when you'd come
So the mermaid's run, for now the magic's gone
Falling under the water where I don't belongAnd beneath the mud and mead
There lurks like a dark seed
A memory long gone
A world so chained up
A world so chained upCould look so down, live like London
Walls are on your life
Hell's coves don't come
And over is over, is over, is over is, oh
Someone, yeah
Daylight's all, daylight's allJust tell me if you've ever had
To find out words are the same when you shout
A small town, for the rest of your life
My first time, wonder when you'd come
So the mermaid's run, for now the magic's gone
So the mermaid's run and now the magic's goneOh, heaven looks so sad
But give us all the time we need
I see no reason to believe
There ain't no sunflower that you won't see
There's only love sounds
Only love beats onAlone and alone, and alone
So we'll hold this
Alone and alone, and alone
So we'll hold this
Alone and alone, and alone
