

# Painbirds

## Sparklehorse

Goddamn, it's so very hot  
Supposed to come a rain but it's notOh yeah  
    Here come the painbirds  
        Oh yeah  
Here come the painbirdsSpiral down those hateful dears  
    Between our skins and burning spheresOh yeah  
        Here come the painbirds  
        Oh yeah  
Here come the painbirdsGoddamn, it's so very hot  
    Spiral down those hateful dears  
        Supposed to come a rain but it's not  
    Between our skins and burning spheresOh yeah  
        Here come the painbirds  
        Oh yeah  
Here come the painbirdsOh yeah  
    Here come the painbirds  
        Oh yeah
