

Dontstop

S Club 7

Party people in the place to be
This is history in the makin' Musiq and Bilal
Don?t stop rock on
Everybody?s on the floor
So how bout you just come on and dance with me
Ain?t no need to be afraid, no
I just want to see you out there doing your thang
I gon' be out there with you, yeah you can count on me
See I will be right there just dancing behind you girl
Don?t nobody even care about what you do
All you gotta do is pretend it?s just me and you
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Now that I got you off the wall
Just concentrate moving your body to the beat
Don?t you worry 'bout a thing
Anything you feel like doing is cool with me
You can do whatever you want to do with me 'cause
I am gonna be on this floor all night long
I came out tonight to dance
And you gon' come dance with me
At least until the end of this song
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Let me see you move, do what you do
Ooh, I really wanna help you out them clothes
And do it right here on the floor
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no
Shake it up, move it now, don?t stop doin' it, no
Give it up, get it now, don?t stop doin' it, no

Shake it up, move it now, don't stop doin' it, no
Give it up, get it now, don't stop doin' it, no
Shake it up, move it now, don't stop doin' it, no
Give it up, get it now, don't stop doin' it, no
