I Like It That Way

Reba Mcentire

(robert jason)
I've got someone in my life
Who loves me wrong or right
And I like it that way
He gives me room to breathe
But he's there for me
And I like it that way
I like it that way
I like the way he says me name
And how he's not afraid

To open up and let his feelings show
He's exactly what I need
He loves me honestly
One look in his eyes
Tells me all I need to me know
When he's on overtime
I get that little ache inside
And I like it that way
We're as close as two can be
But he's still him and I'm still me
And I like it that way
Yeah, I like it that way
