

Power of the Witch

Luke Haines

Jack fuck!

I was channeling
When a voice said
â€œGet thee to the all-night garageâ€™
Get flowers, get toxins, get offerings
Offerings for the hovering
20 B&H - but the dead like Superkings

Moody, knock once
We got a comedy glitch
Power of the witch
Power of the witch
Power of the witch, uh
Knock twice

The beginning of all magical operations
are in the determination
of the imagination
Iâ€™m curing cancer
with a family doctor from Munich
Michael, I draw you
and you help me
Welsh hills, pagan earth
Welsh hills, Welsh dirt

Power of the witch, uh
Power of the witch
Power of the witch
Power of the witch, uh

Joseph Goebbels
Sid and Nancy
A girl with a rare blood disease
Rare, but nothing fancy
Oh, welcome to the day shift, Paul
Welcome to the day shift
But youâ€™re the night shift, sonny
Pat doggy

Power of the witch
Power of the witch
Power of the witch
Power of the witch, uh

Jack fuck!

Knock three times
Iâ€™m cominâ€™ in, baby
Louise, resources manager
She hides a symbol
behind Joe Miller
You cut yourself shaving
She steals the tissue
Hubble bubble
All the sixes are in the ditch
Welsh ditch
Missing a click
Missing a click
from your clickety-click
Ooh, sexy

Power of the witch
Power of the witch
Power of the witch
Power of the witch
Power of the witch
Power of the witch
Power of the witch
Power of the witch
Power of the witchâ€™
