Intro

Khalid

Say you can't deal with me no more
Just say you don't want me
I never know what you feel no moreJust say you don't want me
Say you can't deal with me no more
Just say you don't want me
I never know what you feel no more
Just say you don't want meIt's been too much, I've been on the side
And I'm waiting
Got a little time, maybe all night
If I'm patient
What's on your mind?
I can never read you (I can't)
I always leave you crying
When we fight, but I don't mean to, yeah
No, no, love don't come easy
Especially when you're loving me, yeah
It's never enough for the both of us, so who's sorry?
Couldn't have known it would ever be this hard
We had it all, but we lost and that's our fault
I should be here waiting here for you to answer my calls, no
But I'm never giving up on word, I've been
I've been focusing on putting me first
Still could never see you with somebody else
I can't even live with being by myself
That's the part of me that really needs your help
Lately, I haven't been doing very well
That's the difference between heaven and hell
I feel heaven when you're here with me
I feel hell every time you leave
But I need to get you off of my back
I gotta get you off of my back
We said we would never take it this far
Here we are, going back and fourth
I hoped we would never make it this far
But now, I gotta find my worthSay you don't love me no more
Just say you don't want me
Say you don't want me, yeah
We don't gotta be no more
If you really don't want to

We don't gotta be no moreSay you can't deal with me no more
Just say you don't want me
Just say you don't want me, yeah
I never know what you feel no more
Just say you don't want me
We don't gotta be, we don't gotta be, yeah, no more
We don't gotta be no more
No more, no more, no more, no
