That's Why They Call It a Union

Less Than Jake

There's a black cloud over this house
That's been around for 3 years now
There's a thunderstorm inside and it won't go away
No it won't go awayThat's why they call it a union, that's why they call it a union
That's why they call it a unionI remember him turning around, he said, "Son, I'll be leaving now
I can't be the person that you want me to be and then she said
"So things are finally ending now I knew you'd be walking out
You can't be the person that you want me to be, want me to be"3 years of all the arguments, 3 years of all this silence
Has been enough to last me a lifetime
3 years of all the arguments, 3 years of all this painThat's why they call it a union, that's why they call it a union
So both of you please forgive me tonight
That's why they call it a union, so please forgive me tonightI remember him turning around, he said, "Son, I'll be leaving now
You can't be the person that I want you to be, want you to be"3 years of all the arguments, 3 years of all this silence
Has been enough to last me a lifetime
3 years of all the arguments, 3 years of all this painThat's why they call it a union, that's why they call it a union
So both of you please forgive me tonight
That's why they call it a union so please forgive me tonightI can't look at the pictures anymore
Because I know how it's run its course
And I know hoe the story ends I know it endsThere's a black cloud over this house
That's been around for 3 years now
There's a thunderstorm inside, and another fight tonightThere's a black cloud over this house
That's been around for 3 years now
There's a thunderstorm tonight and it won't go away
No it won't go awayThat's why they call it a union, that's why they call it a union
So both of you please forgive me tonight
That's why they call it a union, so please forgive me tonight
So please forgive me tonight, so please forgive me goodnight
