Degenerated

The Lone Rangers

Who's the man? Who's your God?
Who's the creep that you've been dreaming of?
Are you degenerated?So my emotions betrayed me and left me behind
I couldn't be bothered and you couldn't fuck with my mind
And now I just see no other way out
Let's erase and rewindWho's the man? Who's your God?
Who's the creep that you've been dreaming of?
Are you degenerated?Who's the ace? Who's the star?
Who's the pig with that fat cigar?
Wooh, degeneratedMeet your maker, not a giver, I'm a taker
And I leave you bleeding to die
Sooner or later I'll sleep with the enemy
So highWho's the man? Who's your God?
Who's the creep that you've been dreaming of?
Are you degenerated?Who's the ace? Who's the star?
Who's the pig with that fat cigar?
Wooh, degeneratedYou wanted to be in my nightmare, wake up and be blind
Bite the bullet, never saw that you were coming so fast
I'm a dangerous kindWho's the man? Who's your God?
Who's the creep that you've been dreaming of?
Are you degenerated?Who's the ace? Who's the star?
Who's the pig with that fat cigar?
Wooh, degenerated
DegeneratedWho's the man? Who's your God?
Who's the creep that you've been dreaming of?
Wooh, degenerated?Who's the ace? Who's the star?
Who's the pig with that fat cigar?
Wooh, degeneratedWho's the man? Who's your God?
Who's the creep that you've been dreaming of?
Wooh, degenerated?Who's the ace? Who's the star?
Who's the pig with that fat cigar?
Are you degenerated?
