Wake Up

Eden

Cause we've been driving so long
I can't remember how we got here
Or how we survived so long
I'm tryna run from our pride
Till you step out of my atmosphere
And I remember I would spend the 23rd
Feeling six feet under
When I'm 30,000 feet in the air
Chasing that sundown
So far east I'm westbound
Feeling like the edge of this world is newBut you'll feel better when you wake up
Swear to god I'll make up
Everything or more when I get back someday
This is more than just a phase, love
Shooting stars all break up
And even though it seems like half the world awayThings will be better in America
Heard the streets are gold there
Maybe I could fly you out this place someday
Chasing dreams like I'm on Novocaine
Screaming through your airwaves
Looking back I almost thought I heard you sayStay, you're not gonna leave me
This place is right where you need to be
And why your words gotta mean so much to them
And they mean nothing to me
So stay, you're not what you're hearing
Cause I've been watching you changing
And who said you're one in a million
Anyway?Cause you see only what you want to
Your tunnel vision haunts you
And you can't see what's wrong
When you keep sleeping through the p.m
Eyes wide open when you're dreaming
You're sleepwalking, just keep talking
And maybe you can talk your way out of this deep end
No b plan in your system
Just tell me what you're thinking
I'm scared that you might fallBut you're not (x2)And you'll feel better when you wake up
Taking off your makeup
Sun always seems to wash our fears away

And it's always shining somewhere
I just gotta get there
And even though it seems like half the world awayThings are better in America
Heard the streets are gold there
Maybe I could fly you out this place someday
Chasing dreams like I'm on Novocaine
Screaming through your airwaves
Looking back I almost thought I heard you sayStay, you're not gonna leave me
This place is right where you need to be
And why your words gotta mean so much to them?
And they mean nothing to me
So stay, you're not what you're hearing
Cause I've been watching you changing
And who said you're one in a millionYou're so much better than that (x3)Stay, you're not what you're hearing
Cause I've been watching you changing
And who said you're one in a million anyway?And you'll feel better when you wake up
Swear to god I'll make up
Everything or more when I get back someday
Chasing dreams like I'm on Novocaine
Screaming through your airwaves
Looking back I almost thought I heard you sayYou're so much better than that.
