Running Wild

Judas Priest

I move as fast as I can
I like to get around
I'm crazy like a madman
My feet don't touch the ground
I move amongst the night life
And they just step aside
'Cause when they see me coming
They know I'm running wildDead or alive there's nothing
That bothers me at all
I take on all comers
They back off or they fall
They raise their hands to stop me
I laugh and I defy
'Cause what's the point in living
Unless you're living wildNo chains can hold me down
I always break away
I never hear society
Tell me what to do or say
I taste the life that pleases me
And raise a storm for all the world to see
I never stumble, never fall
Never stop for rest
I rebel but I walk tall
And I demand respectI move amongst the nightlife
And they just step aside
'Cause when they see me coming
They know I'm running wild
