

Devour (iTunes Session)

Shinedown

Take it and take it and take it and take it and take it all
Take it and take it and take it until you take us all
Smash it and crash it and thrash it and trash it
They're only toys Try it, you'll like it, don't hide it, don't fight it, just let it out
Steal it and shoot it and kill it or take another route
Take it and take it and take it
You know they're only toys Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go You want it, you want it, you want it, you want it
Well, here it is, everything, everything, everything
Isn't so primitive
Take it and take it and take it and take it and take it all Nobody, nobody wants to feel like this
Nobody, nobody wants to live like this
Nobody, nobody wants a war like this Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go
What a way to go Diving down
Round and round
Diving down
Round and round Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour Devour, devour
Stolen like a foreign soul
Devour, devour

What a way to go

What a way to go
