

Sunshine

Nb Ridaz

[CHORUS]I wanna be your sunshine

I wanna be your lady

I wanna make you happy

I wanna drive you crazy

I gotta be right there

When ever you call on me

I wanna be your everything

So tell me if you're feeling me

Now all my life I've never felt like this

For someone else

Yeah baby I'm feeling you the way that you'd been there for me

When now one else in the world even cared for me

You held me close the way you told me things would be ok

All my bad days and most of my good times were 'cause of you

Thank you baby

Knowing we were strong 'cause of the things that we've been through

You're the one I wanna grow old with to make memories to cherish

And hold in the back of my mind girl like you was hard to find in this crazy world

Of material things you loved me when I had nothing

You made me worth something

[CHORUS]I wanna be your sunshine

I wanna be your lady

I wanna make you happy

I wanna drive you crazy

I gotta be right there

When ever you call on me

I wanna be your everything

So tell me if you're feeling me

Not once not twice but your three times the lady

The comfort of your arms got me feeling like you baby

I'll be there for you lets make love in to memories

Your tender touch and your smile always get the best of me

Never let you or treat you bad give you all I had

I belong to you and only you girl I want you bad

Wanna be mine sun love I wanna be your light

You wanna be my lady I'm thinking more like my wife

Come on got me feeling crazy girl you driving me wild

I can make you happy if you come with me now

Let me be your everything baby do all I can
What I'm trying to say to you now I wanna be your man
[CHORUS]I wanna be your sunshine
I wanna be your lady
I wanna make you happy
I wanna drive you crazy
I gotta be right there
When ever you call on me
I wanna be your everything
So tell me if you're feeling me
This is for my muneca with those pretty brown eyes
Have I ever told you girl that you're always on my mind
And when I finally get to see you I feel a rush inside
A thousand times a day your pretty face runs through my mind
I wanna stay with you 'cause it was meant to be
Your like and angel from the heavens that was sent to me
My precious one the one that feels my days with happiness
The one that keeps my focused when I, I start to stress
I wanna thank you baby for all the things you've done for me
And all the goodness that you've always put inside of me
With that pretty face with that sexy walk
With that loving that you give me when the lights is off
[CHORUS]I wanna be your sunshine (your sunshine baby)
I wanna be your lady (come on come on)
I wanna make you happy (I'll make you happy too baby)
I wanna drive you crazy (did I ever let you know that)
I gotta be right there (I'm kinda crazy for you)
When ever you call on me (what ever you need girl jus let me know)
I wanna be your everything (I wanna be your number one come on)
So tell me if you're feeling me
