

# Ultima Ratio

## Lacuna Coil

He's trying to run  
He cannot hide anymore  
The hunt has started  
Dead or alive  
There is no terror in my eyes  
It feels like I'm paralysed in hell  
No more time to realise  
It is now or never  
Breath is short but I'm alive  
I'm getting closer to the gate  
Keep on hiding in the dark  
Will this nightmare ever end? Inmate out  
Time to rack him down  
(Never ends)  
Lock him back inside his cell  
Save me  
Before I fall apart  
Come closer to me while I'm still alive  
It never ends, it never ends No end Red lights are flashing in my eyes  
Sirens ringing in my ears  
Here's a chance to save my life  
I'm not ready for this  
I'm trapped inside  
The fire of all the things  
That might have been  
The torture never ends Inmate out  
Time to rack him down  
(Never ends)  
Lock him back inside his cell  
Save me  
Before I fall apart  
Come closer to me while I'm still alive  
It never ends, it never ends No end Save me  
Before I fall apart  
Come closer to me while I'm still alive  
It never ends, it never ends No end
