One Thing On My Mind

Montrose

Put on your coat and hat
'Cause I like it like it like that
Honey, slip on your shoes
About to rock away your blues
Everything you like, I'm gonna make it right
And baby there's only one thing on my mind! Oh, yeah
Now tell your momma not to wait
We may be a little late
If things go right, we may just be all night
Well, I'm feelin' pretty hot
And that's when I like it a lot
And baby there's only one thing on my mind
We're gonna have a good time
We're gonna let it all unwind
I'll foot the bill and have some fun if you will
We gotta do it tonight
While the time is so right
We'll have a good time
Havin' a party tonight
