

I Don't Wanna Stop

Black Sabbath

A one way street that never ends
No roundabouts or sudden bends
My head arrives in a place that's new
But my heart is still with you
But my heart is still with you
A crowded room or an empty space
Thoughts of you I can't erase
The answer is I can't go back
'Cause you don't wanna feel like that
And I don't wanna feel like that
But somethings
Are worthwhile fighting for
And baby, I just can't let you go
And I don't wanna stop
And I don't wanna quit
And I don't wanna end this thing with you
'Cause I just wanna start
And never wanna stop this thing
I got with you 'cause I, I never wanna stop
Yeah, I never wanna stop
Lovers drown or drift away
The colors fade and turn to Grey
Let's draw the line and face the fact
That we don't wanna be like that
'Cause we don't wanna be like that
You're one thing
That's worthwhile fighting for
And baby, I just can't let you go
And I just wanna breathe
And I just wanna live
Without you next to me
'Cause I just need to know
Come on, let me know
Is it real or is it not?
If it's true then, baby, I don't wanna stop
I don't wanna stop
