MAX

Advisory - the following lyrics contain explicit language:

[Verse 1] (MAX)

I gave you all my loving

At first I had a dozen

But I ain't doing nothing don't you do me like that

But then I caught you creeping

Secrets that you were keeping

Like every other weekend

Why you do me like that[Pre-Chorus] (MAX)

So now you say you take it all back

Yea that don't mean jack

Cuz I know the facts

I swear you must be smoking that crack

I'm dipping so fast

Yea I don't need that[Chorus] (MAX)

Now you're running your mouth

But there's nothing that can slow me down

You're messing around

Got me thinking it's time to go

Ooh, ooh, ooh, ooh, ooh

Cuz I'm not listening, no

Ooh, ooh, ooh, ooh, ooh

I see you move your lips but it sounds like gibberish[Verse 2] (MAX)

I don't need to recover

Rising way up above ya

Go run and tell your mother

Why you do me like that

Good luck with all the others

Don't care about the number

You all deserve each other

Why you do me like that[Pre-Chorus] (MAX)

So now you say you take it all back

Yea that don't mean jack

Cuz I know the facts  
I swear you must be smoking that crack  
I'm dipping so fast  
Yea I don't need that [Chorus] (MAX)  
Now you're running your mouth  
But there's nothing that can slow me down  
You're messing around  
Got me thinking it's time to go  
Ooh, ooh, ooh, ooh, ooh  
Cuz I'm not listening, no  
Ooh, ooh, ooh, ooh, ooh  
I see you move your lips but it sounds like gibberish [Verse 3] (Hoodie Allen)  
These girls like to talk, wait a minute I'm talking back (shh)  
Say that she wanted to love me forever  
But I was just trying to smash  
First date and I'm taking it back  
Bought herself a ring, but I didn't take her to Jared's  
Russell Wilson, I should be making a pass  
We just met, but I think she arranging a marriage  
Like stop, just hold up  
Not the type to get hopes up  
I go hard like I'm suppose to  
But you back down like a post up  
Oh wait is that my poster  
Album signed by yours truly  
I swear you said that you don't know me  
But girl it looks if you kinda knew me  
Oh shit, obsessed, but I'm already undressed  
Already got like 99 problems, and I ain't trying to confess  
I did my best to move away  
But she follow me with that bouquet  
So I shaved my head, bought a toupee  
But she too smart like Lupe [Chorus] (MAX)  
Now you're running your mouth  
But there's nothing that can slow me down  
You're messing around  
Got me thinking it's time to go  
Ooh, ooh, ooh, ooh, ooh  
Cuz I'm not listening, no  
Ooh, ooh, ooh, ooh, ooh  
I see you move your lips but it sounds like gibberish
