

She Ran Away With a Rodeo Clown

Toby Keith

She's a top barrel racer cowboy chaser
She drinks tecate like it's goin' out of style
She's real good lookin' and pretty good at hookin'
Any man that she wants with just a little smile I drew a strong one big full grown one
He punched me out when I hit the ground
I came to with a panoramic view
Lookin' for my baby she was nowhere around I looked up, I looked down, I ain't seen her since the second go-
'round
Somebody said, "They seen her headin' out of town"
Now, she ran away with a Rodeo Clown
She ran away with a Rodeo Clown She's got twenty-two dollars and make-up on her collar
She left some clothes so she's travelin' light
Well, I'll bet a new saddle and forty head of cattle
That I could catch 'em both if I drove all night But it don't make sense she's done jumped the fence
I'm speedin' cross Texas on a broken heart
I'm goin' home where the coyote roam
Makin' my camp at the end of the bar I looked up, I looked down, I ain't seen her since the second go-'round
Somebody said, "They seen her headin' out of town"
Now, she ran away with a Rodeo Clown
She ran away with a Rodeo Clown I looked up, I looked down, I ain't seen her since the second go-'round
Somebody said, "They seen her headin' out of town"
Now, she ran away with a Rodeo Clown
She ran away with a Rodeo Clown
