Around the Lake

Paul Weller

Theres a vacuum in the backward
Over .off the dark
Theres a triumph in the buyout
Over . here with .Chorus:
Its only in the gaps with fire
Its all us inquired
It leads us well we know not well
It all goes on around the lake
It all goes on around the lakeSome insurance
off the pain
sometimes i .
you know is not usChorus:
And its only in the winds and fire
So ...
That leads us well we know not well
It all goes on around the lake
It all goes on around the lake
