## I Don't Know Anything

## **Mad Season**

I don't know anything

I don't know anything

I don't know anything

I don't know who I amI don't know anything

I don't know anything

I don't know anything

I don't know who I amWhy we have to live in so much hate everyday? Oh yeah

Why the fighting and the coming down, am I sane?

I don't know, yeahI don't know anything

I don't know anything

I don't know anything

I don't know who to be I don't know anything

I don't know anything

I don't know anything

I don't know who I amWhy we have to live in so much hate everyday? Oh yeah

Why the fighting and the coming down, am I sane?

I don't know

When the teacher put the ruler down on my hand

I laugh!

Cross my heart and hide reliever in trails of blood,

I love?!?I don't know anything

I don't know anything

I don't know anything

I don't know who I amI don't know anything

I don't know anything

I don't know anything

I don't know who to beWhy we have to live in so much hate everyday? Oh yeah

Why the fighting and the coming down, am I sane?

I don't know

When the teacher put the ruler down on my hand

I laugh!

Cross my heart and hide reliever in trails of blood,

I love?!?
