

# Fairy Tale

## The Corbetts

Fairy tale, my favorite fairy tale  
Is the one I live with wonderful you  
Life is so grand, a fabulous fairyland  
And we walk it hand in hand as lovers do  
    Fantasy became a reality  
    With your tender kiss you open the door  
You are marvelous, divine, Aladdin's lamp did shine  
    The magic day that you were mine  
    Fairy tale, our love is a fairy tale  
    And it never has been told before  
    Fantasy became a reality  
    With your tender kiss you open the door  
You are marvelous, divine, Aladdin's lamp did shine  
    The magic day that you were mine  
    Fairy tale, our love is a fairy tale  
    And it never has been told before
