Comatose

Ayreon

[Anneke van Giersbergen]:
(No need...)
No need to feel the pain
No need to feel betrayed
No need to feel inane
No need to feel afraid[Jorn Lande]:
Wake me up before I die, hold me close
As I gaze upon the sky, comatose
No reason to survive, I suppose
Wake us up before we die[Anneke & Jorn]:
No need to feel desire
(but I need you with me)
No need to feel so small
(but I need to feel secure)
No need to feel the fire
(but I need to feel free)
No need to feel at all
(but I need to know for sure)[Jorn]:
Wake me up before I die, hold me close
As I gaze upon the sky, comatose
No reason to survive, I suppose
Wake us up before we die (x2)
