

# Come Do a Little Life

## Mo Pitney

Hey, girl, you're my best friend  
I never want this thing to end  
So I was thinking if you're free  
Come do a little life with me  
Every sunrise and every sunset  
We'll do the things we ain't done yet  
You know, love is all we needHey girl, come do a little life  
A little living here by my side  
I look at you, and baby I believe  
It's got to be meant to be  
Come do a little down the road  
Come do a little home sweet home  
We'll live out all our dreams  
Come do a little life with meCatch a movie in the middle of the day  
Catch a fish, catch a high school game  
Dig a hole, plant a tree  
Come do a little life with me  
We'll take trips to the hardware store  
Forget what we went there for  
Like old folks do when they're 83Hey girl, come do a little life  
A little living here by my side  
When I close my eyes, you're all I see  
It's got to be meant to be  
Come do a little down the road  
Come do a little home sweet home  
We'll live out all our dreams  
Come do a little life with meI'll hold your hand when we get the news  
Either way, pink or blue  
What a beautiful mom you're gonna be  
Come do a little life with meCome do a little down the road  
Come do a little home sweet home  
Girl, we'll live out all our dreams  
Come do a little life with meWoah, yeah  
Come do a little life with me
