

It's Hell

Field Mob

Stay up Hold ya head up
It's hell in the streets boy
Hold your head young nigga
'Cause it's hell

I'm sittin' in the courtroom, stomach full of butterflies
Somebody help me, cause my life is in the Judge eyes
They got me for a Humbug, and that's some bullshit
I should've listened to them preachers in the pulpit
Stressin' to heaven, seemed like I was born by mistake
While the races dominate, got me victim to the Legislate'
I'm playin' for kicks, hustle and rob reefer, it medicated my mind,
Fuck the World, with crime

My mamma died in '92 so crazy, what the fuck to do?
Daddy smokin' hard, not knowin' that it corrupted two chillin'
I'm starin' at the ceilin', can't take too many blows
The pain be killin', got the sinus up in my nose, oh
These people want to hurt me, my momma dead, so fuck 'em
A small timer on the rise, so nothin' I feel
To my niggas in the county, I might do a bit with ya
Boy, in the streets I don't care with ya, my nigga
'Cause it's hell

Livin' off a thug, money things ain't swell
Don't believe me, go and ask my boys in jail
When we cryin' keep a knock for the cops
'Cause ain't no sunshine for boys or blocks, my nigga
'Cause it's hell

What we gotta go through, and only time will tell
When the pain is over, I'm down on my knees
Lord keep watchin' over, I'm lookin' for a better way
And I that's all I gotta say

Now I was born broke, but I'll be damned if I'm a die that way
Love my momma, can't deny that face and as a child
Everynight I prayed for a rap record deal, man sometimes
Twice I'd say, "Lord save me, take me away from here"
Twenty now, and I've been sellin' yay' for years
But why we had a house, and couldn't keep it?
Why we evicted? Why we get more pink slips than Victorias Secret?
Why I gotta rob? Why my pappa ain't gotta job? Why I ain't graduate?
Why through high school I aint have a date?

Why I had to masturbate? Why I'm wearing hand me downs?

Why I'm in and out of jail? Why I let my family down?

Why my uncle died? Wish it would've been me

He ain't rob, he ain't hustle, should've been me

Preacher man, could you pray for me, faithfully?

When God comes lay him his herbs, tell him wait for me

'Cause it's hell

Livin' off a thug, money things ain't swell

Don't believe me, go and ask my boys in jail

When we cryin' keep a knock for the cops

'Cause ain't no sunshine for boys or blocks, my nigga

'Cause it's hell

What we gotta go through, and only time will tell

When the pain is over, I'm down on my knees

Lord keep watchin' over, I'm lookin' for a better way

And I that's all I gotta say

He just keep layin' his hands on my momma again

Family ties, this is where the drama begins

Tellin' my momma on the floor, bitch this and bitch that

Locked in my prayin' to God, "Please let me get back"

He's trippin' like he's outta control

So he had to of been smokin' I heard her croke

Through the wall, she was gaggin' and chokin'

Eleven years old, and I don't need to be seein' this shit

But in my tape deck, eight ball talkin' about beatin' a bitch

It got me confused, but damn, you shouldn't popp her that hard

And when them folks come, her stupid ass be droppin' the charge

Whippin' her ass like a man, right and left with his fists

Heavely blows to the dome, now she slicing her wrists

I'm hyped and I'm pissed, soaking wet with blood holdin' her limb

It's gonna be all right, she whispered with her bleedin' lip

She passed out, eyes rolled back, I'm tryin' not to panic

Step daddy walked in, saw my momma, then he went in a frantic

Blood leakin', non stop, permanent rush with the fever

She almost died, of loss of blood, I knew my momma wouldn't leave me

She don't deserve to live in pain, she just wanted to be happy

Feelin' like a puss, I didn't help her 'cuz he ain't even my daddy

She's back at home, and he puttin' his hands on her again

Livin' in eternal fire, where drama doesn't end

It's hell

Nobody knows, the load, my soul tow

Nobody knows, the load, my soul tow

'Cause it's hell

Livin' off a thug, money things ain't swell

Don't believe me, go and ask my boys in jail
When we cryin' keep a knock for the cops
'Cause ain't no sunshine for boys or blocks, my nigga
'Cause it's hell
What we gotta go through, and only time will tell
When the pain is over, I'm down on my knees
Lord keep watchin' over, I'm lookin' for a better way
And I that's all I gotta say
'Cause it's hell
Livin' off a thug, money things ain't swell
Don't believe me, go and ask my boys in jail
When we cryin' keep a knock for the cops
'Cause ain't no sunshine for boys or blocks, my nigga
'Cause it's hell
What we gotta go through, and only time will tell
When the pain is over, I'm down on my knees
Lord keep watchin' over, I'm lookin' for a better way
And I that's all I gotta say
'Cause it's hell
Livin' off a thug, money things ain't swell
Don't believe me, go and ask my boys in jail
When we cryin' keep a knock for the cops
'Cause ain't no sunshine for boys or blocks, my nigga
'Cause it's hell
What we gotta go through, and only time will tell
When the pain is over, I'm down on my knees
Lord keep watchin' over, I'm lookin' for a better way
And I that's all I gotta say
