You Can Get It

B2K

Yeah
Aye yo, Troy I got you man, don't trip
B2K
This right here is not a remix
This is not a remix
This is gangstaShe walked through the doors of the club chillin' with her man
Lookin' sexy as hell with the jeans and a matchin' bag
The way she licked her lips, made me wanna go and ask her name
The way she moved them hips, kept starin' at me
Let me know she wanted to playShorty is checkin' for me
Shorty got her eyes up on me
We can get down with the quickness
Just say the word and I'm with it so
Mami wanna roll with flava
Take her from her man and save her
Gurl just say the word and I'm wit it, no
And you definitely can get itShe saw me out side about to leave, mommy said "What up?"
Me and my crew sittin' low in the Hummer truck
An' she steps to the driver side sayin' let's bounce
So I'm cool, let's do this, be sure I'm outBoy don't play games
What you want?
Let's be clear
I'm right here, do your thang
My man just left, so what's next?
Tell me whatcha want from me
Tell me whatcha want from meShorty is checkin' for me
Shorty got her eyes up on me
We can get down with the quickness
Just say the word and I'm with it so
Mami wanna roll with flava
Take her from her man and save her
Gurl just say the word and I'm wit it, no
And you definitely can get itShorty is checkin' for me
Shorty got her eyes up on me
We can get down with the quickness
Just say the word and I'm with it so
Mami wanna roll with flava
Take her from her man and save her
Gurl just say the word and I'm wit it, no

And you definitely can get itYeah mami was a little hottie
And a plus she got a body
Can't nobody knock me
We can get down with a quickness
Just say the word and I'm wit it, fo' sho
I can tell that she was lookin' lookin'
Even though she's tookin' don't think that I wouldn't
Gurl just say the word and I'm wit it, no
And you can definitely get itThis is what I'm trying to tell 'em man
Ya'll close to me, but no cigar
It's ya favorite teen idol, a superstar
Not you 'lil homie, it's 'lil Fizz ya'll
A teen hearthrob band, being the greatest of them all
Gurl all you gotta do is call and I'm wit it
'Cuz the way that booty look you sho can get it
So leave ya man and let's make some plans
Roll with a boy that's hot, but is cool as a fanShorty is checkin' for me
Shorty got her eyes up on me
We can get down with the quickness
Just say the word and I'm with it, fo' sho
Mami wanna roll with flava
Take her from her man and save her
Gurl just say the word and I'm wit it, no
And you definitely can get itShorty is checkin' for me
Shorty got her eyes up on me
We can can get down with a quickness, fo' sho
Mami wanna roll with flava
Take her from her man and save her
You know, you know
It's goin' down!
