I Believe In You

Hope Partlow

You're not findin' the answers
You've been lookin' for
Oh you try and try
Can't find an open door
You're not sure of your next step
If it's wrong or right
You could use a friend
And here I am tonight
Your world stopped turnin'
You were tired of hurtin'
And believin' in something
You just can't do
But I believe in you
When you at your weakest
When you feel like your life
Fallin' into pieces
Just remember
That I love you even though
Sometimes you can't believe it's true
I believe in you
Your shin deep in the water
You tried walkin' on
And you're wearin' down
You think, you can't go on
I'm right hear beside you
With my stubborn love
And I won't give in or let you give up
No matter what
You're gonna make it through
Your world stopped turnin'
You were tired of hurtin'
And hopin' in something
You just cant do
But I believe in you
When you at your weakest
When you feel like your life
Fallin' into pieces
Just remember
That I love you even though

Sometimes you can't believe it's true
I believe in you
Just remember that I love you
Even though sometimes you're not sure I still do
I believe in you
I believe in you, yeah, yeah
I believe in
I believe in
I believe in you, yeah
I believe in you, yeah, yeah
I believe in
I believe in
I believe in you, yeah
I believe in you, yeah, yeah
I believe in
I believe in
I believe in
(I believe in)
I believe in
I believe in
I believe in you
Yeah, yeah
I believe in
I believe in
I believe in
(I believe in)
I believe in
I believe in
I believe in you
Yeah, yeah
I believe in
I believe in
I believe in you
Yeah, yeah
I believe in
I believe in
I believe in you
Yeah, yeah
