

St Augustine's Blues

W. Keith Moore

In the hurry of the street
Or in the temple
For the poet and the priest
It's very simple

Our souls won't rest
Our souls won't rest
Our souls won't rest
?Til they rest? in You.

In a school where they learn
Or in the battle
Kneeling in a church
Or herding cattle

Our souls won't rest
Our souls won't rest
Our souls won't rest
?Til they rest? in You.

The Shepherd is calling
And I feel falling in love
With the one who is calling s home

The Shepherd is calling
And I feel falling in love
With the one who made us for His own

In the kitchen making supper
Picking up the kids
Living in a mansion
Or living on the streets

Our souls won't rest
Our souls won't rest
Our souls won't rest
?Til they rest? in You.

(X2)

Chords are Emsus Asus with G, D, and C in the chorus
