Sunshine

Joi Cardwell

Hello world
How do you do
I just came to share my point of view
People talking bout life today
The more things change t
The more the stay the same
But the
Sunshine everyday
Even when it rains
Sunshine sunshines everyday
Sunshine everyday
Even when it rains
Sunshine sunshines everydayNow I been thinking
And Through travels see
Where you are is what youll be
Im not worried
My soul is free
Heavan and earth
Are the same to meCause the sunshine is so divine
We need water to make the wine
Lovin is a trip for the mind
If you cant see it
That dont make you blindSunshine everyday
Even when it rains
Sunshine sunshines everyday
Sunshine everyday
Even when it rains
Sunshine sunshines everydaySunshine is so divine
But we need the rain
Sunshine
Sun shines everyday
Even when it rains
Sunshine.
