

# Police Bells & Church Sirens

## Nephew

Well I'm a fan of days in bars and nights in school  
And of geniuses in jail and Nobel fools  
And I'm a fan of yellow noise and silent shouts  
And of nurses that are boys and women scouts

Why don't they make it police bells and church sirens  
Police ding dong, church wee ooh  
Talking about police bells and church sirens  
Police ding dong, church wee ooh

Well I'm a fan of bands on ground and dirt on stage  
And of tigers on a leash and dogs in cage  
And I'm a fan of holding hands and lettin' go  
And of being so in love but not lettin' it show

Why don't they make it police bells and church sirens  
Police ding dong, church wee ooh  
Talking about police bells and church sirens  
Police ding dong, church wee ooh
