Iâ€™m All You Need

Samantha Fox

When I met you, your heart was broken
You were sure that love was passing you by
Well, I can help you now that youve spoken
Ill tell you something, I can no longer hideIm all you need
So Im saying, I know I can help you
Youd be crazy if you dont let me try
Im all you needAll you need is a little attention
All you need is a real-life fantasy
All you need is hot-blooded affection
All you need is a little love from meAll you need is the right kind of love
All you need is to realize you are free
All you need is some time to discover
(That)
All you need is a little kiss from meIts so silly to lock away your feelings
If you hurt so bad, you dont have to lie
So Im saying, I know I can help you
I can help you if you stay here right by my sideIm all you need
So Im saying, I know I can fix it
Youd be crazy if you dont let me try
Im all you need
