Hurricane

Cold California

Different directions with no resolution
Running on empty when all is said and done
Weâ€™re chasing tails time after time
Surrender to fate, if we survive

I canâ€™t deny the truth

I know this loveâ€™s destroying me
And now thereâ€™s nothing for me here
But I donâ€™t want to throw it all away
Itâ€™s giving me a reason to believe
That finally Iâ€™m free

Burning the darkness, Searching for answers
Losing myself to the fire in your eyes
But Iâ€™ll keep fighting to show I care
Falling faster without you near

I come alive with you

I know this loveâ€™s destroying me
And now thereâ€™s nothing for me here
But I donâ€™t want to throw it all away
Itâ€™s giving me a reason to believe
That finally Iâ€™m free

Itâ€™s tearing through me like a hurricane
And as Iâ€™m fading I see the future
But Iâ€™ll free when I escape this chaos inside

I know this loveâ€™s destroying me
And now thereâ€™s nothing for me here
But I donâ€™t want to throw it all away
Itâ€™s giving me a reason to believe
That finally Iâ€™m free

I know this loveâ€™s destroying me
And now thereâ€™s nothing for me here
But I donâ€™t want to throw it all away
Itâ€™s giving me a reason to believe

That finally Iâ€™m free

I know this loveâ€™s destroying me
And now thereâ€™s nothing for me here
But I donâ€™t want to throw it all away
Itâ€™s giving me a reason to believe
That finally Iâ€™m free
