

# Let Go (feat. Rea Garvey, Paul Van Dyk Club Mix)

[Paul van Dyk](#)

I'm falling apart, falling in time  
I can't get it out of me  
It's breathing in side of me  
It's reaching in side of you  
You feeling infected  
You been infected  
It's just like a cold  
A kiss on your lips  
Now you taking control  
I feel like a criminal  
I'm falling apart  
I'm leaving for Venice  
In a getaway car  
'Cause no one can save us  
It's no need to try  
I'm looking for savers  
Holding us back  
If you wanna try and save me  
And take my heart and take me  
If you feel you can let go let it go, let go, let go  
If you wanna try and save me  
And take my heart and take me  
If you feel you can let go let it go, let go, let go  
I feel like a criminal  
I'm falling apart  
I'm leaving for Venice  
In a getaway car  
You say that you hold me  
But you don't really know  
You clinging to fingers , but you gotta let go  
If you wanna try and save me  
And take my heart and take me  
If you feel you can let go let it go , let go, let go  
If you wanna try and save me  
And take my heart and take me  
If you feel you can let go let it go, let go, let go  
(Let go, let go, let go, let go, let go, let go)  
If you wanna try and save me  
And take my heart and take me  
If you feel you can let go let it go
