Exodus

Samael

So it's now the moment
We were all waiting for
So that is the reason
We're all gathered hereAll those years looking at the sky
For a sign
All those eyes gleaming in the night
To lead the wayRemember the gate you got in
Do not forget the place you came fromSoul's migration
To the land of milk and honey
Trust your visionsExodus
Exit - the world
Enter - the desertDon't look back to your burning house
Don't need it anymore cause we're going homeMercury flows around the desert sand
As astral blood runs into God's veinsRemember the gate you got in
Do not forget the place you came fromExodus
Exit - the world
Enter - the desertDon't look back to your burning house
Don't need it anymore cause we're going homeMercury flows around the desert sand
As astral blood runs into God's veins
