Happy Man

Jimmy Giuffre

Merely by chance
Very unsuspecting
You caught my heart
Unprotecting me
Now I've fallen in love with you
Just when I thought life was free and easy
You came along to me
Soft and breezy
Now I've fallen in love with you
I've fallen in love with you
And for the first time in my life
I know what it's like to be a happy man
Happy man
And for the first time in my life
You've given me something that I can't understand
Now that I'm a happy man
Be with me now, love me forever
Leaving you lady
Is something that I'd never do
I've fallen in love with you
All of my life it seems I have waited
Now I could say these words I have stated are true
Because I've fallen in love with you
I've fallen in love with you
And for the first time in my life
I know what it's like to be a happy man
Happy man
And for the first time in my life
You've given me something love that I can't understand
Now that I'm a happy man
Given me something now
Given me something now
