

Sometimes Forever Means Never

Behind Crimson Eyes

[Verse 1:]

You never, would take no for an answer

Your smile like cancer

I'm always, there for you but

You only ever take what's mine[Chorus 1:]

Was there something I said

That could make you feel this way

And make me feel like my world's not turning

Is there something I should do

Should I stay the fuck away from you

You're breaking away[Verse 2:]

Leave today, take with you

Every memory along with every

Mistake I, made for you

It's all over, our lives have torn in two[Bridge:]

Why do you care?

I don't understand

I can't justify all those lies

I can't go on living this way

It's not a game... and I'm not ok.
