Setting Sun

Nils Lofgren

Like a setting sun...
I fell down the hole, in your saucer eyes
Fear was so intense, I was hypnotized
And love was glowing hot, like a smoking gun
Like a setting sun, a setting sun
We clawed to the top, before the hammer dropped
And you held my heart, as we were ripped apart
As you turn to leave, I forget to breath
Like a setting sun, love fades like a setting sun
Oblivion, love fades like a setting sun
Setting sun, only one
Beating like a savage drum
Setting sun, only one
suffering has just begun, oh yeah
There's a fatal grey, light on me today
Something's dyin' out, love I can't live without
And as I watch you leave, Yeah I forget to breath
Like a setting sun, love fades like a setting sun
Oblivion, love fades like a setting sun
Setting sun...
