

# Friend In You

## Jon Gibson

Life has got you down  
And there is nothing anyone can do to turn it around  
You wanted to be free  
But all you got was misery  
'Cause life don't love you when your holding on  
or after you've let go  
So what's it matter who you are or what you do  
Baby I know you want to end it all  
But please before you do

### CHORUS

"My friend I know what you've gone through  
But Jesus died for you  
So keep in mind  
That although your heart is blue  
Let it break in two  
Then you will find  
A Friend that lives in you"

Anything you want to know  
Your Heavenly Father gives you things you need to help you grow  
When you feel you can't go on no more  
Wait for Him to open the door  
And He'll be with you when you're riding high  
Or even when you're down  
So what's it matter what you gain or what you lose  
Soon you'll learn that a gift from God is an offer you can't refuse

### CHORUS x 1

'Cause life don't love you when you're holding on or after you've let go  
So what's it matter who you are or what you do  
Baby I know you want to end it all  
But please before you do

### CHORUS x 1

So keep in mind that although your heart is blue let it break in two  
Then you will find a friend that lives in you  
You'll find a friend that lives in you

OPEN YOUR HEART and you'll find a friend that lives in you
