

# Don't Cry For Me (overdubbed)

## The Zombies

Don't cry for me  
Cause there's one thing I found out  
I can live without you every day  
and I'm better off with you far away from me  
Don't break your heart  
Thinkin' you have let me down  
In the light of day I can see what's real  
and now I know what I really feel for you  
[Repeat: x2]  
If I'm wrong, you can smile & say I told you so  
But I've got that feelin' that I found that you can lie, so  
Don't cry for me  
You will only waste your time  
Thinkin' I'm in tears, for you're here no more  
But the tears won't come, & I'll cry no more for you
