

Blow Chopper

Urge Overkill

Said oh yeah, I'm not the kind to give no warning
And I've just been coming around all night
I'm not the kind to leave in the morning
(No)
I'm just trying to feed my shaking mind
(That's right) Blow chopper only wanna hop a ride
Blow chopper only wanna cop a
(Yeah)
Blow chopper only wanna hop a ride, ride, ride
Blow chopper only wanna cop a and get so high If you look hard into my eyes
Maybe then you'll see I lost my mind
Yeah, you know I wanna burn on through the night
Make me feel alright, gonna go all night, feel all right Another errand and I know when I'm done, I need a drag
and a beer
Another line but I'm not there yet in a cold cold sweat
Baby, if I'm not dead tomorrow morning
This girl is gonna treat me right
(Yeah) She's on the street, she's in the house
Build that chopper and go, oh yeah
I'm gonna get so high
(Gonna get so high) She's on the street, she's in the house
Build that chopper and go, I said, oh yeah
I'm gonna get so high
(Gonna get so high) If someone tried to get in my way
I would just look down and walk away
Baby, I'm just running out of time
So baby, chop a big-ass fucking line
Baby, chop a line, running out of time
Baby, chop a line, oh, get down Blow chopper only wanna cop a high
(Can't screw)
Blow chopper only wanna hop a, a ride
(Try me)
Blow chopper only wanna stop on, yeah
Blow chopper, only wanna stop on time
