

# Stoned In Love

Chicane feat. Tom Jones

If you could see me here this way  
Looking backwards from today  
Would you do it all again? If I could roll it back to you  
Just like lovers always do  
I'm stoned in love but not with you Good love  
Cause when I'm feeling stoned in love  
It's hard not feeling love  
I feel that love is weighed in stone  
When I'm feeling stoned in love Good love  
Cause when I'm feeling stoned in love  
It's hard not feeling love  
I feel that love is weighed in stone  
When I'm feeling stoned in love If we could wash the past away  
Would we go our separate ways  
Or do it all again? As if I cared Is this the way it's meant to be?  
It's stoned in love but not with me, yeah  
You're stoned in love but not with me Good love  
Cause when I'm feeling stoned in love  
It's hard not feeling love  
I feel that love is weighed in stone  
When I'm feeling stoned in love Good love  
Cause when I'm feeling stoned in love  
It's hard not feeling love  
I feel that love is weighed in stone  
When I'm feeling stoned in love Stoned in love  
I'm stoned in love but not with you Good love  
Cause when I'm feeling stoned in love  
It's hard not feeling love  
I feel that love is weighed in stone  
When I'm feeling stoned in love Stoned in love, stoned in love  
Stoned in love, stoned in love  
Stoned in love, stoned in love  
Stoned in love but not with you As if I cared  
If I cared
