

# Feelin' Fine

## MV & EE

This time I see your face  
your smile is shining through  
I cant help the way I feel  
Its all because of you You stole me from my world  
and said that you'd be mine  
Thats good enough for me  
cause now I'm on top And now I'm feeling fine  
Now I'm feeling fine  
And now I'm feeling fine  
Now I'm feeling fine I looked into your heart  
I know that you are true  
No matter what I see  
Your always shining through I always look at you  
and you give me a sign  
Thats good enough for me  
Cause I'm not top And now I'm feeling fine Feeling fine  
Cause I'm feeling fine  
Feeling fine  
Cause I'm feeling fine This time I see your face  
your smile is shining through  
I cant help the way I feel  
Its all because of you You stole me from my world  
and said that you'd be mine  
Thats good enough for me  
cause now I'm on top And now I'm feeling fine  
Now I'm feeling fine  
And now I'm feeling fine  
Now I'm feeling fine
